**Q: What is your stakeholder group?**

A: Payer

**Q: How long have you been a member of NDEDIC?**

A: Not sure, at least 10 years.

**Q: Why did you become a member of NDEDIC?**

A: I was invited by a VP in our department and am interested in increasing functionality of EDI for our business.

**Q: Tell me about your business/Company.**

A: Founded in 1887, Ameritas Life Insurance Corp. and its affiliated companies offer a wide range of insurance and financial products and services to individuals, families and businesses. These products and services include life insurance; annuities; individual disability income insurance; group dental, vision and hearing care insurance; retirement plans; investments; asset management and public finance. Securities offered through affiliate Ameritas Investment Corp., member FINRA/SIPC.

**Q: How can NDEDIC help you? What is your ASK?**

A: More participation from all stakeholders. We have made changes in the past that did not result in expected outcome which then limits our ability to gain support for other programming.

**Q: What is the best advice you ever got?**

A: Go for it! Mistakes can be corrected or an allowance made you won't know unless you try it. You learn more from trying something new.

**Q: Fun Facts?**

A: I love travelling and am fortunate that I am given that opportunity in my work. I also like reading, scrap-booking and sightseeing locally and when I travel. Some of my favorite trips were Portland Maine, Savannah Georgia and Disney land in Anaheim.
